AI Overview

It looks like you are looking for **Badel Ruffino Juste Lantonkpode**, an author, researcher, and academic based in Benin. He is known for his socio-economic research on water resource management, integrated water resources management (IWRM), and the use of hydraulic infrastructures in West Africa. International Journal of ... +2

Since your query is in Fon (a language spoken in Benin), here is a brief overview of his work translated into French:

- **Domaine de Recherche :** Eau, environnement et développement durable.
- **Publications notables :** Il a notamment écrit sur les aspects socio-économiques de la gestion de l'eau et les "rites et interdits" liés aux ressources hydriques dans la Commune d'Abomey-Calavi.
- **Affiliation :** Il est associé au Laboratoire Pierre PAGNEY et à l'Université d'Abomey-Calavi. International Journal of ... +2

For a deeper look into his academic publications and specific research papers, you can explore the IJPSAT Author Index.
